Kenwood's VHF TK-2302LK and UHF TK-3302LK are not only full featured but also economically priced. As you change channel the radio will announce the channel you have selected. Kenwood's compact TK-2302/3302 transceiver, based on a proven design, represents ergonomic excellence. Pick one up and you'll immediately appreciate how easy it is to use. Powerful too: equipped with priority scan, built-in VOX and a voice scrambler, it offers reliable performance in all conditions, thanks to MIL-STD 810 & IP54/55 weatherproofing. Indoors or out, rain or shine, the smart new TK-2302/3302 is a star performer!

The new TK-2302LV and TK-3302LU portable radios have up to 5 watts power output with 16 channel capacity. The 2,000 mAh battery is light weight and long lasting. This radio is perfect for most any two-way radio communication application.
